In Hospitality  
the customer is king.  
Better make sure  
your staff gets the  
message.

(wireless communication)

staff meeting

In Hospitality  
enabling staff to  
communicate is critical  
to your bottom line.

So is your  
communication  
system.

### Custom Communication Solutions to Take You to New Heights

Customer service is paramount in the hospitality industry, and our communication solutions reflect exactly that. You can be confident that we put your needs first, back everything we sell and always bring you the latest in technology from Motorola. Enjoy a brief look at some of our current products and services.

### Two-way Radios

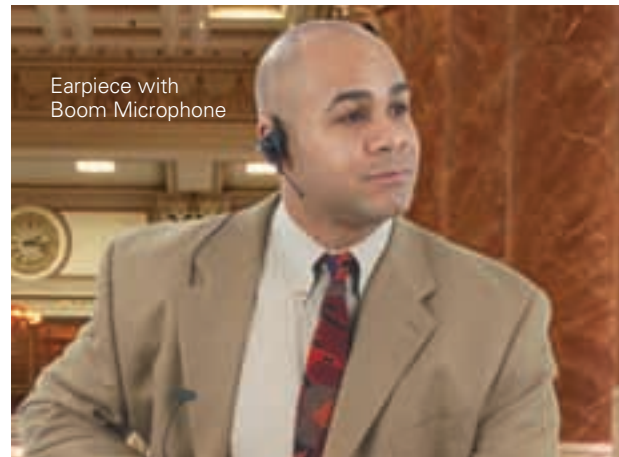

Whether you choose portable radios for flexibility on the go, or mobile radios to keep people on the road well connected, Motorola Two-way radios are the definitive choice. We can help you boost your productivity with a custom solution, allowing you to easily communicate to one person or an entire workgroup over a wide range of distances.

### Two-way Radio Accessories

The right accessories can maximize the productivity of your two-way radio system, and only Motorola Original® accessories are designed, engineered and tested to bring out all the performance that's built into your equipment. Count on us to offer a complete line of accessories that will fit your equipment like a glove and enhance your communication solution.

### Rental

From just a few units to dozens, hundreds or more, we're ready to provide two-way radio rental for your next big event, meeting, special project or virtually any short-term need. You can count on us for pre-planning assistance, through equipment preparation, and personalized help to meet your every need. Portable radios ... mobile radios ... handy accessories ... we've got them all.

### Solutions from Motorola

See for yourself all the ways Motorola can help your bottom line. Let our expertise help you design a solution that you can count on. After all, keeping guests satisfied is what keeps them coming back. Stop in or contact us today for more information.
